Dear Messrs. Dusen and Edmond:

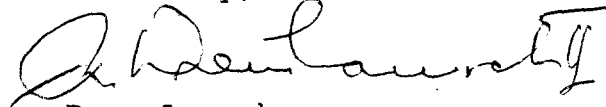

By way of this letter, the U.S. Environmental Protection Agency Region III ("EPA Region III" or "Agency") hereby notifies you that, effective immediately, I am no longer assigned as the RPM for ARS and NAS/JRB. As you are both aware, the change in RPM designation for EPA Region III has already been informally communicated based on previous discussions among ARS, NAS/JRB and the Agency, during which time you were informed that Steven Hirsh will serve as the new RPM for EPA Region III. To this end, all future inquiries and correspondence should be directed as follows:
